

Manning Valley Neighbourhood Services

Mission Statement

MVNS is a community development organisation that resources and empowers individuals, groups and the community in the Manning Valley and surrounding LGA's to address issues that affect them.

The Neighbourhood Centre provides a broad range of information and services and is open:

Monday 10-3pm

Tues, Wed, Thurs: 9-3pm

However the garden can be seen at anytime.

Volunteers for many roles within the organisation are often needed. we may not be able to place you immediately, but vacancies often arise. Contact the Volunteer Coordinator at vc@mvns.org.au or call 6553 5121

Other services offered by MVNS

Emergency Relief (financial assistance to people in crisis), Migrant Support Services, Tax Help, Nutrition/Cooking workshops for parents, information referral and advocacy, cheap office hire and more!

Another project of:

4 Farquhar St
Wingham NSW 2429

GARDENS**

Behind the
Old Courthouse
4 Farquhar St
Wingham NSW 2429

Food from the Old Courthouse Community Garden supports the Food from the Heart Program which provides frozen meals and community produce.

GARDEN WORKSHOPS

The garden has played host to composting, waste reduction and cooking workshops, as well as preschools and playgroups.

Keep an eye on our Instagram and Facebook page for upcoming workshops!

Do you have an idea for a workshop relating to gardening you would like to see at the Community Garden? Please contact us.

All monies raised go back into the gardens and associated programs and maintenance.

OLD COURTHOUSE COMMUNITY GARDENS

The Old Courthouse Community Gardens Wingham continues to evolve as opportunities arise and new members arrive bringing their ideas and skills.

We believe that a productive, well located and maintained community garden will have an ongoing benefit to the local and wider community.

We hope to inspire others through the garden and show people of all ages that an ordinary backyard can be transformed into a beautiful, interesting and practical space. We want the backyard to show, in some small way, how important and enjoyable it can be to grow something for yourself.

Our goal for the garden is to provide a sense of community ownership and engagement. An opportunity to share and develop resources and skills, to set an eco-friendly example for the community and showcase the advantages of looking after their environment. We feel that a venture such as this can provide much needed community spirit and pride.
